Motorola Special-Edition Black RAZR V3
Motorola's new special-edition black RAZR V3 is the essence of advanced technology and superlative design. At only 13.9 mm thin, 53 mm wide (the width of a credit card) and 98 mm long, it is one of the slimmest phones on the market yet still rich in functions, performance excellence and design innovation. It provides the user with a total sensory experience – from the innovative metallic finishes and use of materials to a truly revolutionary, chemically etched keypad created from a single sheet of nickel-plated copper alloy. The Motorola special-edition black RAZR V3 is the ultimate, beautiful slim-phone.

Tactile and Totally Recognisable
Take time out to enjoy the feel, touch and finish of the special-edition black RAZR V3. The metal materials and finishes
create a smooth, easy-to-use phone that has real visual impact. The spun metal finish of the keypad is designed to gently reflect the light, whilst a blue electro-luminescence panel defines each character and key, creating an unmistakable special-edition black RAZR V3 signature.

Capture the World
Create high quality images with the Motorola special-edition black RAZR V3's brilliant picture capture and review. The VGA camera's effective 4 x digital zoom and quick exposure controls delivers excellent results. Capture the world in style.

Visual Communication
Watch MPEG 4 video clips in bright colour with 22kHz polyphonic speaker sound. Bring the 176 x 220 pixel 2.2" color display and 3D graphics engine to life with your favorite digital imagery. It's innovation in the palm of your hand.

Intersection of Style and Technology
Exceptional form meets effortless connectivity with the special-edition black RAZR V3's Bluetooth® technology. Enter a wireless world where voice, image and video are easily transmitted without wires. Simpler, smarter and ever-so stylish.

Travel Around
Jetset around the world without missing a call. The quad-band technology keeps you connected in more than 100 countries worldwide.
